Around the Neighborhood

On September 21st the Traffic Unit and PACT Units partnered with Duncanville PD to host a Child Seat Safety Check in Cedar Hill. This event provided the opportunity for parents, grandparents, and care givers to come by and ensure they had the right size child seat for their child and to ensure it was installed properly. Certified Child Seat Technicians inspected approximately thirty seats during the four hour event. This event was the first of its kind in Cedar Hill and one that is rare in southern Dallas County. If you missed the event you can always contact the police department to set up a time to have your seat checked out.

Significant Investigation

What started out as a minor theft call on September 22nd at Wal-Mart resulted in a physical altercation between the fleeing suspect and officers.

During the altercation, the suspect elbowed the officer in the face, causing injury to his jaw. The officer who

sustained the injury was able to keep control of the suspect and waited for back-up officers to arrive and take the suspect into custody.

The officer was transported to the hospital and received 2 internal and 8 external stitches to close the gash caused by the strike. The officer has since been referred to

several specialist, including a plastic surgeon, to assist with the constant pain and swelling.

This incident is a prime example of how Police Officers are just as human as everyone else.

We still bleed, we still hurt but we still run toward danger.
